

# Can you help?

Please help us compile a resource booklet for use with our TEACUP MINISTRY for widows and singles in our church. We are looking for businesses that are trustworthy, honest and caring for car repair, plumbing, moving, painting, counseling, yard work, window washing, handyman work, electrical, etc. Who do you use that is reliable? We are able to pay; we just want a recommended list for people not used to doing this sort of thing. *(over for additional recommendations)*

I can recommend the following business for: \_\_\_\_\_

Firm name: \_\_\_\_\_

Contact (if you have one): \_\_\_\_\_

We are hoping that you might be able to donate 1-2 hours to help someone in need. This might entail helping sort items, move boxes, lift heavy items, tame a wild yard, wash lawn furniture, transport items to the dump, etc. If you cannot help at the present time, please list when you might be available. Donating any time would be super and much appreciated by our widows and singles.
